Subject: Standard Metals Settlement on Upper Animas

Hi Nevetta,

I am trying to validate this information, since we need a response to all the info requests we are getting on Gold King. I got the amount from SEMS.

I need to determine if the amount is correct (approx. \$422K). I imagine it went into a special acct. Right?

“In February 2009, EPA along with other federal and state governmental entities entered into a Consent Decree with Standard Metals Corporation for environmental damages associated with the American Tunnel, the Mayflower Mill, the Mogul Mine, the Grand Mogul Mine, the American Tunnel, and the Sunnyside Mine, which are all part of the Upper Animas Mining District Site. As result of this settlement EPA, received approximately **\$422K** (ref. SDMS 185215).”

Please let me know, it is correct, asap. Thanks, Mike
